## Swine Flu

The latest Government advice is that individual school closures are of limited benefit in stopping the spread of swine flu. However, it is essential that children with flu-like symptoms stay away until they are free of those symptoms, and any children exhibiting such symptoms in school will be sent home as soon as possible. Parents are advised to contact the National Pandemic Flu Service on 0800 1513513 if they require further information. We will continue to promote good hygiene practices in school, including thorough washing and drying of hands and safe disposal of tissues.
